I live in Mountney Road. It's a small street with just few houses but I like my street very much. There is everything I need here. There is a school near my house. There is a food store round the corner next to the school. There is a cinema opposite the food store. The bookshop is between the cinema and the pet shop. There is a sports ground behind the school and a big new swimming pool at the end of the street. There aren't many cars here and people often ride bikes so the air is very fresh. There are a lot of trees here and I can see beautiful flower beds everywhere. There is a garden in front of every house. People try to keep it clean and don't litter in the street.
